Handball Vision

- (Dutch) Handball Vision?
- Your vision about the Handball game?
- Your vision about training?
- Your vision about coaching?
- Who are you as a trainer?
- What kind of trainer/coach does your vision need?
- What way to a vision, or will you do the same as always?

Dutch Handball Vision

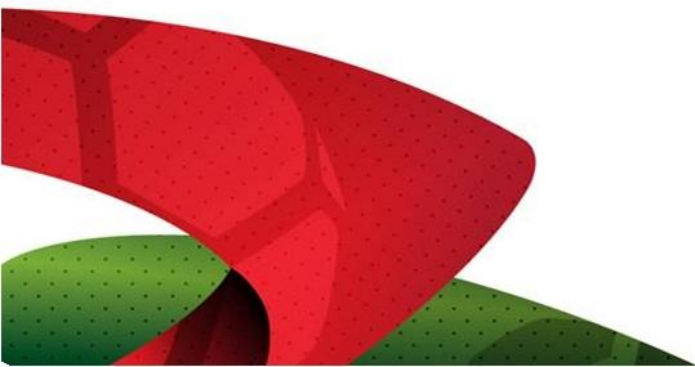

A vision?

- Why a Dutch Handball vision?

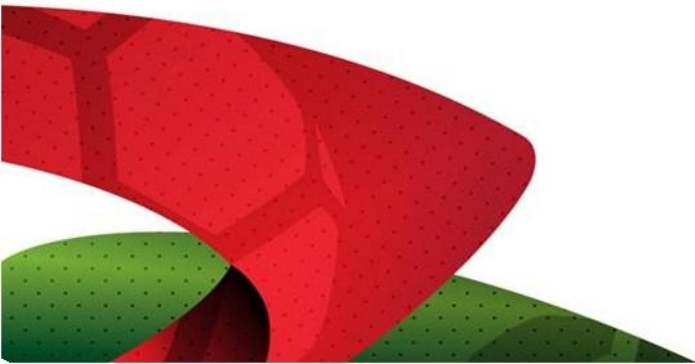

Vision?

- What does the word 'Vision' mean?

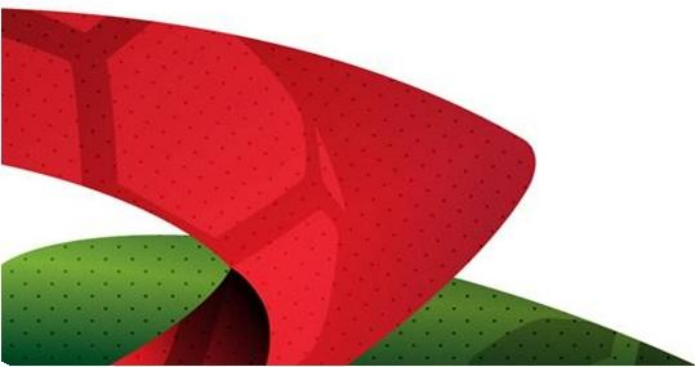

Vision!

- A look into the future!
- How do you want to do something in the future?
- A dream?!

Vision?

- Why?
- Why not?
- For coach, club, country?
- How do you come to a vision?

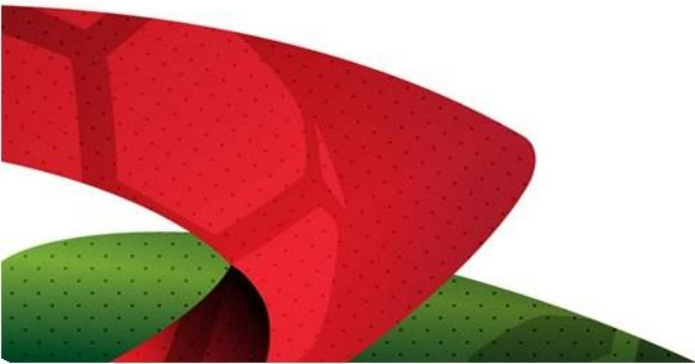

Dutch Handball Vision

- ‘Nothing wrong, we learned a lot from them’, but we are Dutch, we reacted sometimes strange in the ideas of the coaches.
- They were right; sometimes we are really → Dutch!

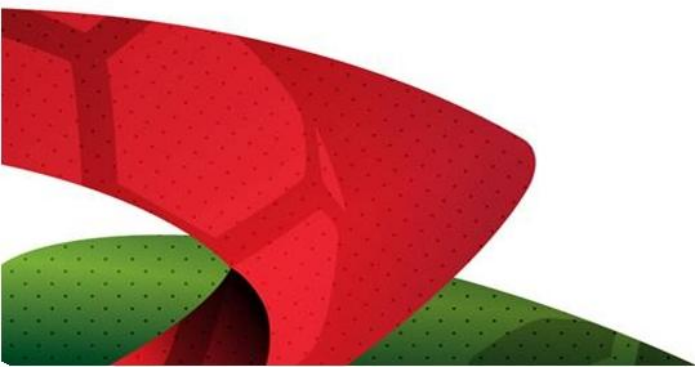

Vision?

- Country, cultur, sociaty, health, school, mentality,
- More?

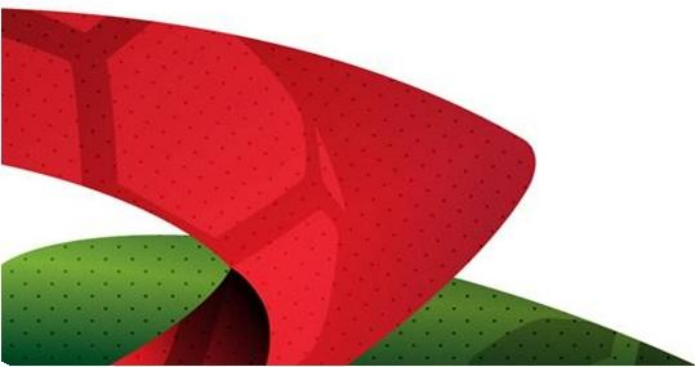

Vision?

- We wrote the Dutch Handball Vision in two years, four (former) national coaches.

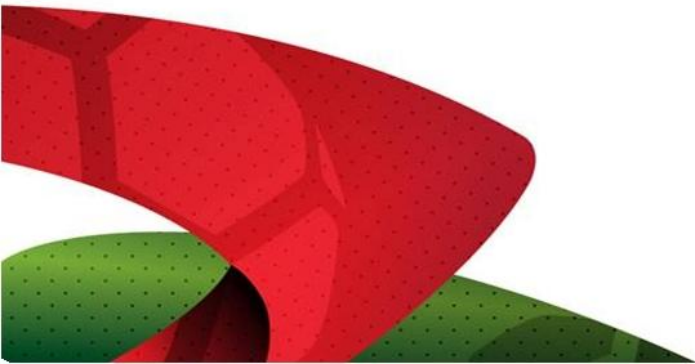

Vision?!

- Yes, we copied and didn't think enough about handball because good coaches explained us how to play.
- So, we didn't develop enough as trainers .
- Often we played like other countries.
- There was no Dutch vision or idea playing the game.
- We are Dutch.

A Dutch way of playing handball.

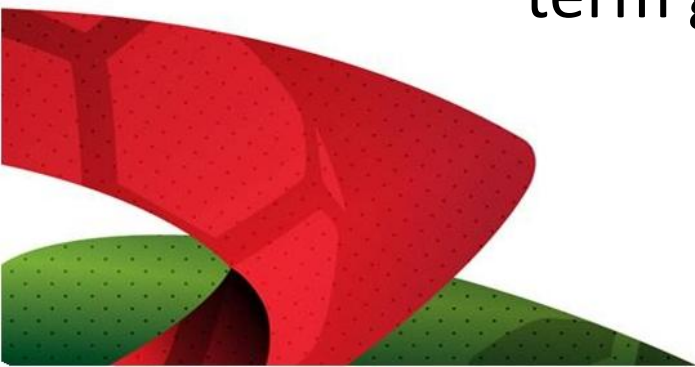

- So!
- We started to discuss all the issues around create a own handball vision.
- In all aspect related to sport out off our country.

The future way off playing the handball game in the Netherlands.

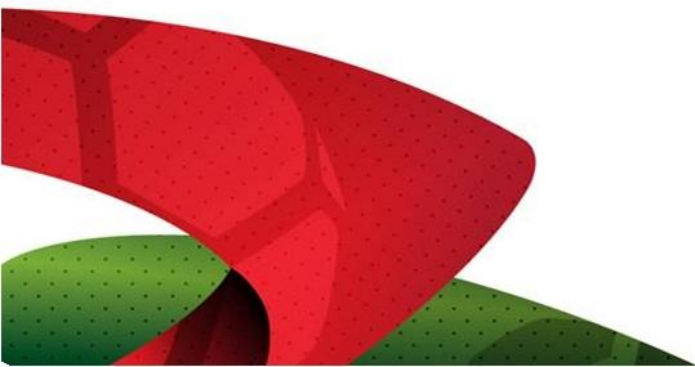

A Dutch Handball vision because we want:

- A recognizable way of playing Handball.
- It is always clear where we go with our Handball.
- We can explain why we are working in a certain direction.
- Helps to substantiate medium and long-term goals.

Vision, why not:

- Loss of uniqueness by teams?
- You don't want to be recognizable?
- You don't want somebody else to determine direction.
- You don't want anybody else to prescribe what you do?
- You want to find out yourself?

Vision?!

Our answer was: we want to have a Dutch way because:

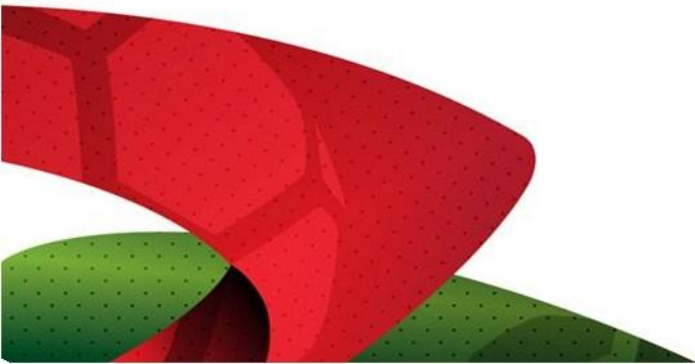

- We want to be recognizable for our self.
- We need a clear direction for (first) our national teams.
- Were necessary we will change and move our vision/direction.

Vision!

When you want to have a future vision you need to know:

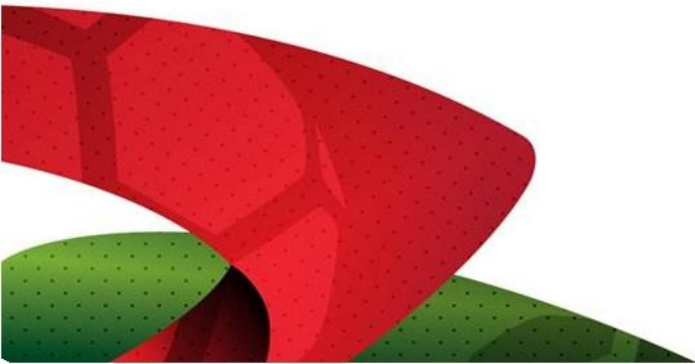

- Who you are?
- Where you are?
- In what time you live?
- A lot about your society?
- What way you have to use the develop.

What is typical Dutch?

We looked to:

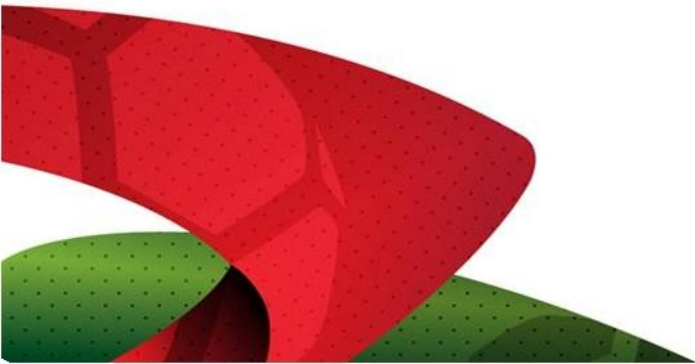

- The past, present and future of the Netherlands.
- Our place in the handball world.
- The cultural and social specific elements from Dutch people.
- The physical and mental details from Dutch people.
- The Dutch school system.
- The behavior (cultural) elements from Dutch people.

What is typical Dutch?

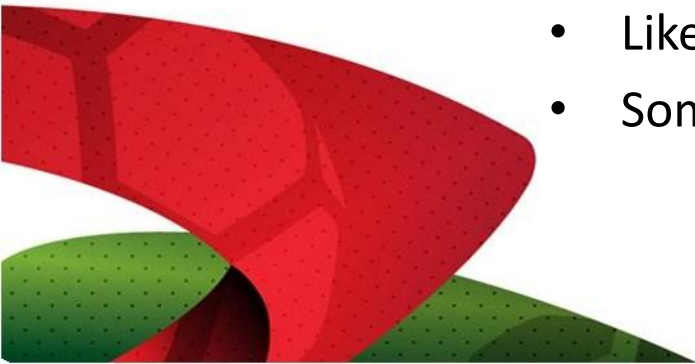

We looked to:

- Our position and aims in handball.
- Our possibilities for our handball sport.
- What will be our vision for our handball game.
- What will be our vision for trainers and coaches.
- What will be our way to success.
- Who do we need for realizing our aims.
- Look beyond our handball sport.

Big discussions for 2 years!!

- A big paper (67 pages).
- A plan.
- 4 keywords.
- 5 education words

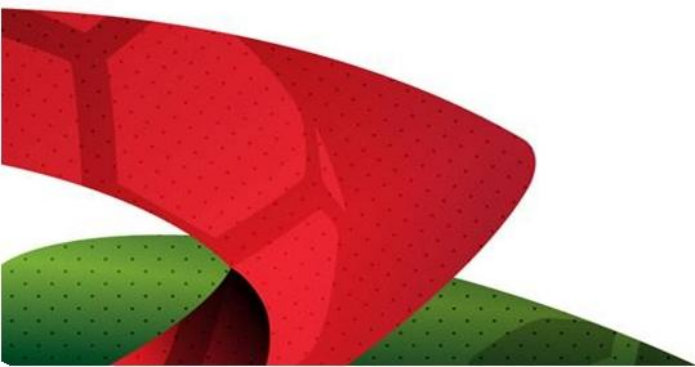

Dutch Handball Vision

We want to play our handball game: fast, dynamic,
creative and effective.

- Fast: we are not tall and strong and it belongs to the handball game.
- Dynamic: we are fast and dynamic and it belongs to the handball game.
- Creative: we are creative.
- Effective: necessary and normal, we can not play to fast and dynamic.

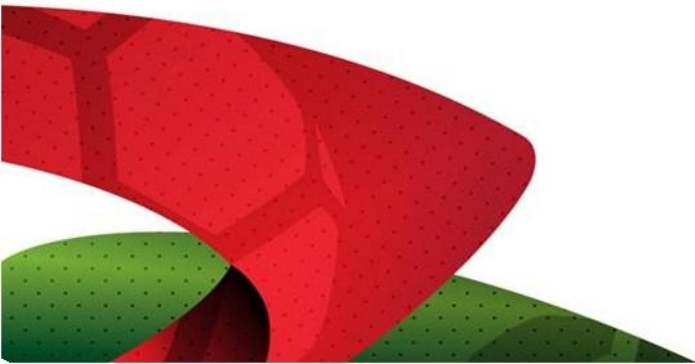

The words fits because:

- Our youth is good trainable, healthcare, food, water e.s.o. is on a high level.
- Our handball players are not the biggest, even do we are one of the tallest people in the world most handball players are not tall (the play volleyball in our country).
- Playing with a lot of speed is a way to beat other countries.
- Playing fast is attractive.
- Dynamic is the result of wanting to play fast, in the small spaces dynamic is necessary and belongs to the game.

The words fits because:

- Creative because we have creative people out of our 'being Dutch'. As a small country we always had be creative, from the past, and also in this modern time. We are proud of the success of Philips, Heineken, Shell, the harbor Rotterdam.
- Creativity is a part of our school education program's. Competence learning is find your own way to knowing more.
- We are Dutch?!

Five education areas
